

# Scientific writing workshop

The Second Edition

visiting professor

**MD PhD**

**Jedrzej Kosiuk**

University of Leipzig Faculty of Medicine

Associate Editor EP Europace

Head of Rhythmology Department  
Helios Klinikum Köthen

8th March, 2019

▶ The workshop is a one day crash course focusing on helping students to make their first steps in science. It provides practical tips&tricks addressing issues like finding inspiration, suitable study design or a wise pick of a target journal. It is addressed to both medical students as well to young scientist and academics.

▶ **Wherefores**  
Room 8th, Library and Information Centre
